

Oil Transformer Enquiry Form

Select Modular features and requirements from the following data sheet.
Features can be mixed and matched from the different section options as necessary

General Information, Features and Requirements		
1. General Information		
Customer Name:	Date:	Requested Delivery Date:
Customer Contact Person:	Climatic Zone:	Quantity:
2. Electrical Specification		
Power kVA:	K-Factor:	
Primary Voltage:	Vector Group:	
Secondary Voltage:	Impedance Z%:	
Winding Material:	Cooling Type:	
Copper: Aluminium:	Natural	Forced
3. Connection Type:		
Primary: Busbar Cable (Front and Top Access) Cable (Bottom Access)	Secondary: Busbar Cable (Front and Top Access) Cable (Bottom Access)	
If Cable box is required:		
Primary Cable Box: Bottom Entry Top/side Entry Cable glands	Secondary Cable Box: Bottom Entry Top/Side Entry Cable glands	
4. Accessories:		
Protection Relay:	Overpressure:	
Oil Level:	Thermostat:	
Thermometer:	Surge Arrest support:	
Arcing Horns:	Conservator:	
Additional Information:		
5. Extended Specifications:		
Assumptions noted below.	If the form does not cover your requirements, please specify the additional information below.	
Frequency: 50Hz Standards: IEC 60076, EU 54802014 THD max: 5% (IEC) Insulation Class: A (105°C) Oil Paint colour: C5M Paint Routine tests: Included Plastic Cover transportation protection
